Dear Dr. Hoogenboom,

I wish to take this opportunity to thank you and the International Consortium for Agricultural Systems Applications for providing the UNFCCC secretariat with the trial version of the Decision Support System for Agrotechnology Transfer software to the training workshop of the Consultative Group of Experts on National Communications from Parties not included in Annex I to the Convention on vulnerability and adaptation assessments for the Africa region, held in Nairobi, Kenya from 7 to 11 November 2011.

The software proved to be a very useful tool during the hands-on training part of the workshop and in the application of crop modelling. The secretariat and participants were very pleased with the overall use of the software.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'William Kojo Agyemang-Bonsu'.

William Kojo Agyemang-Bonsu
Manager, Non-Annex I Support
Mitigation, Data and Analysis
